

Name: _____

Date: _____

Graphs

The graph to the right shows the number of apples picked by students visiting a farm. Use the information in the graph to answer the following questions:

1) How many apples were picked by David and Bob combined?

2) How many apples were picked by Carol and Alice combined?

3) How many fewer apples were picked by Alice than David?

4) How many more apples were picked by Bob than Carol?

5) How many fewer apples were picked by Carol than David?

6) How many fewer apples were picked by Bob than David?

7) How many fewer apples were picked by Bob than Alice?

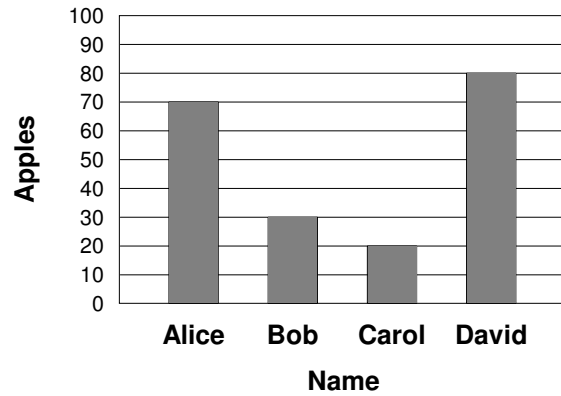

8) How many more apples were picked by David than Carol?

Name: _____

Date: _____

Graphs

The graph to the right shows the number of apples picked by students visiting a farm. Use the information in the graph to answer the following questions:

1) How many apples were picked by David and Bob combined?

110

2) How many apples were picked by Carol and Alice combined?

90

3) How many fewer apples were picked by Alice than David?

10

4) How many more apples were picked by Bob than Carol?

10

5) How many fewer apples were picked by Carol than David?

60

6) How many fewer apples were picked by Bob than David?

50

7) How many fewer apples were picked by Bob than Alice?

40

8) How many more apples were picked by David than Carol?

60
