

## Subject of the formula

Make the indicated letters the subject of the formula in the following questions:

1)  $A = 5ab$ ; make  $b$  the subject of the formula.

-----

2)  $5x = 3y - z$ ; make  $y$  the subject of the formula.

-----

3)  $2p - a = 3p + b$ ; make  $p$  the subject of the formula.

-----

4)  $P = (m + M)f$ ; make  $M$  the subject of the formula.

-----

5)  $2s = (u + v)t$ ; make  $t$  subject of the formula.

-----

6)  $2s = (a + b)y$ ; make  $y$  subject of the formula.

-----
